DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

The examiner has signed the recently transmitted IDS.

After review, the IDS art does not read on the allowed claims, hence the allowance is upheld.

The examiner notes that none of the prior art contained in the IDS recites:

"a display, said display in use have a plurality of different active regions" and "wherein said indicator is arranged to move only from one active region to another".

Stephen D'Agosta
